Our specific tasks

We are **contact persons for parents and daycare management:**

- We **inform parents** about relevant daycare issues.
- We **get parents' opinions** on topics and inform the daycare management about them. In this way, the parents' perspectives can be included in decisions and new topics can be initiated.
- We **receive suggestions, criticism and complaints from parents**; if necessary, we will talk with the daycare management and develop a joint solution.

Relevant topics in which we participate and help can be:

- Offers and **projects** for children, parents and families
- **Opening and closing times**
- Choice of **meal provider**
- Public relation
- **Pedagogical conception**
- **Festivals and celebrations**
